Regarding: CONSULTING REVIEW for DOH v RV 2016-24699

Dear Department of Health, Prosecution Services Unit,

My opinion is unchanged. The surgeon should have reviewed the X-rays before surgery and should have biopsied the mass prior to removal.

If you have any further questions, please call (407) 766-0882 to schedule a telephone conference.

Sincerely,

A handwritten signature in black ink, appearing to read 'Christian Birkedal', written over a horizontal line.
